WOODKEEPER 1K PU Interior Clear (074)

Product Description: WoodKeeper Interior is a 1 pack PU ready to use multi-coat product meant for interior wood. The product requires no thinning, just open the lid and apply.

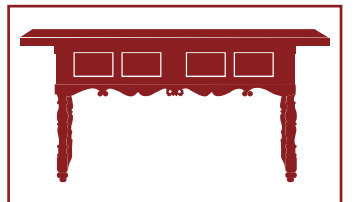

USP: The product has excellent clarity with best scratch and stain resistance in its class.

Application Procedure

Sanding – Sand the wooden substrate with Water Paper No. 120 followed by Water Paper No.150.

Application of NC Sanding Sealer – Apply Berger NC Sanding Sealer by a number of passes. Let it dry for 30 minutes followed by sanding with Water Paper No. 320 or 400. Apply the 2nd coat of NC Sanding sealer with a number of passes and follow the same procedure.

Application of WoodKeeper 1K PU Interior – Apply WoodKeeper 1K PU Interior by brush or cloth. Inter-coating interval is around 6-8 hrs. Minimum 2 coats should be given. The product can also be used as a multi-coat system. The same product acts as base coat and topcoat.
