

# CEMENT THAT YOUR BUILDING TRULY DESERVES.

## India Cements

### Coromandel KING

India Cements

Coromandel King – A legendary brand from the house of India Cements, that has built structures standing the “Test of Time” is an OPC grade concrete known for “Best in Class” consistency, high compressive strength and low heat of hydration. It is filled with silicates in their purest form and give structures a smooth and shiny finish.

## STRENGTHS

### SUPER STRENGTH

**40%**  
more\*  
3 Day Strength

**40%**  
more\*  
7 Day Strength

**30%**  
more\*  
28 Day Strength

### SUPERIOR DURABILITY

**75%**  
less\*  
Magnesia

**75%**  
less\*  
Chloride

**25%**  
less\*  
Alkali

### CRACK RESISTANT

**15%**  
more\*  
Fineness

**90%**  
less\*  
Soundness

### EASY WORKABILITY

**>150**  
mins\*  
Initial Setting Time

### EARLY HARDENING

**65%**  
faster\*  
Final Setting Time

### LOW CURING DEMAND

**75%**  
less\*  
Loss on Ignition

## APPLICATIONS

Commercial Structures

Residential Structures

Industrial Structures

Power Projects

Mortar

Masonry

Plastering

## \*STANDARDS FOR PPC

Initial Setting Time (Min)	30 Min	28 Day Compressive Strength (Min)	33 Mpa
Final Setting Time (Max)	600 Min	Soundness (Max)	10 mm
Fineness (Min)	300 M <sup>2</sup> /kg	Magnesia (Max)	6%
Loss on Ignition (max)	5%	Chloride (Max)	0.10%
3 Day Compressive Strength (Min)	16 Mpa	Alkali (Max)	0.60%
7 Day Compressive Strength (Min)	22 Mpa
